Finnish Ministry of Foreign Affairs funded project, Dignity For All (D4A) Tea Impact Project, successfully launched in Blantyre Malawi on Tuesday 11 June 2019. The project, targeting Satemwa and Kawalazi Tea Estates, is set to work towards promoting sustainable practices on Fairtrade certified farms.

"As government we fully support the approach this project has taken. We are impressed with the inclusive nature of D4A and commend Fairtrade for coming up with such an innovative program that goes beyond certification." Mr Wafwile, Deputy Labour Commissioner

Outputs

Producers, stakeholders and strategic partners agreed on a number of outputs:

- Strengthened capacity of PAWU to represent workers
- Increased opportunities for people with disabilities on Fairtrade certified tea estates
- Improved resilience and adaptation to climate change and environmental degradation
- Improved worker welfare on Fairtrade farms
- Increased gender equality on tea estates
