MARKETING AND BRANDED MATERIAL PRINTING

INTRODUCTION

Fairtrade is an alternative approach to conventional trade based on a partnership between producers and traders, businesses and consumers. Established in 2005, Fairtrade Africa (FTA) is the independent non-profit umbrella organization representing all Fairtrade certified producers in Africa. Fairtrade Africa is owned by its members, who are African producer organisations certified against international Fairtrade standards producing traditional export commodities such as coffee, flowers, cocoa, bananas, mango and non-traditional commodities including shea butter and rooibos tea. The organisation represents over 1 million producers across 33 countries in Africa to promote fair trade in the global value chain system.

Fairtrade Africa producers are certified for traditional export commodities such as coffee, cocoa, tea, cotton, bananas, mango and non-traditional commodities including shea butter and rooibos tea.
